1. On beds, a custom, handsewn ragdoll's woolly bedhead, arm tattoos, and disheveled vintage fabric outfit reflect the inn's funky personality.

2. The rooftop A-frame living space of the Owner's suite looks out over Lake Ontario.

3. Each room features a green wall juxtaposed against a blue wall (colors considered historical to farmhouses), quirky details like drawerless desks, and artwork by local and international artists.
